

## **About Minimal System Instruments**

Our plugins are for Windows based VST hosting systems only. Our plugins are intensively beta tested before release using a large selection of hosts (DAW's).

## **Purchasing minimal System Plugins**

All plugin purchases are handled via PayPal. Credit cards, debit cards and e-cheques are also accepted through the PayPal system, so you can still pay even without a PayPal account. Once your payment has been processed successfully, you will receive an e-mail containing the plugin as an attachment or an email containing a download link. Our emails are sent out manually so please allow time for delivery; also please check your spam filters. E-Cheque payments can take 5-7 days to clear. Once the payment has cleared you will receive the purchased product.

## **End User License Agreement (EULA)**

Our plugins have a EULA included in the readme file that is included in all product packages. Please see our End User License Agreement (EULA) below:

By using the Software, you are agreeing to this disclaimer and license.*

## **Demo Versions**

We provide demo versions of all of our commercial products. We strongly recommend downloading the demos before purchase so you can test that the plugin s are compatible with you host and system. The demo versions are usually restricted with noise bursts or limited features.

## **Installation of Minimal System instruments Plugins**

To install Minimal System Instruments plugins simply extract the contents of the downloaded .rar/.zip file into your VST directory (No installers are used). You must ensure the full contents of the zip or rar are extracted, maintaining any folder structure. Uninstalling is done by simply deleting the files and folder created in your plugin directory. No files are written to the registry. If you have any problems with installation please [contact us](#) and we will assist.

## **License Transfer**

License transfers are permitted although the buyer and/or seller will need to contact Minimal System Instruments before this process takes place.

We will then confirm the transfer process with you, the standard procedure is for the buyer to pay a £5.00 transfer fee so that we can issue them with the latest version(s) of the software being transferred and also update our systems.

## **Commercial Usage Policy**

You may use Minimal System Instruments plugins in commercial music releases without restriction. There is no financial or non-financial requirement.

## **FL Studio**

There is a compatibility issue with some Minimal System Instruments plugins and the first release of FL Studio 8 (8.0). This was due to a bug in the FL wrapper and Image line released a fix patch, which was later incorporated into the full release (8.0.2). This problem does not occur in FL Studio 9. Please make sure you have the latest release version of FL Studio to ensure compatibility

## **Copyright**
